

Letter of authority

Application reference	TAC-2026-0007
Project	Cicero Wind Scheme
Developer / client	Bins - Kub SPV Ltd
Parent developer	Wiza Group
Document (as filed)	Letter of Authority 2
Inferred type	letter of authority
Category	corporate authority
Document date	2026-05-06T17:42:12.000Z

Bins - Kub SPV Ltd hereby appoints the authorised representatives listed below to act on its behalf in relation to Cicero Wind Scheme (TAC-2026-0007), including correspondence with the network operator and associated stakeholders concerning the proposed connection at West Ronaldside Primary - 33 kV class interface.

The signatory list matches the register, but monetary delegation thresholds are not reproduced here.

No sanctions, AML, beneficial-owner, or counterparty screening result is attached or referenced.

Representative	Role	Authority scope
Programme Director	Project lead	Submit and receive technical/commercial correspondence.
Grid Connections Manager	Technical lead	Issue clarifications and coordinate study responses.
Legal Counsel	Authorised signatory	Execute ancillary connection-related documentation.

Limitations and duration

This authority remains in force until revoked in writing by the principal, and does not permit amendment of shareholder obligations, financing commitments, or land rights instruments without separate board approval.

Reliance

Recipients may rely on this letter as evidence of authority for operational correspondence and data exchange relevant to the connection application process.

Signed for and on behalf of the Principal

Named representatives are authorised to act for Bins - Kub SPV Ltd on connection correspondence and related documentation.
